DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 03/04/08 has been entered.

Examiner's Amendment

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Tomoko Nakajima on 04/23/08.

Please amend the claims as such:

In claim 2, change the fourth limitation to read: --wherein the Noise-Vocoded Speech Sound signal is a word or a sentence in which a component of a sound source is subjected to noise is generated by:--.

Cancel claim 12.

Cancel claim 13.

Cancel claim 15.

Response to Amendment

3. Applicant's arguments, in view of the amendment filed 03/04/08, with respect to claims 1 and 2 have been fully considered and are persuasive. The rejection of claims 1-3, 5-8, 11 and 14 has been withdrawn.

Allowable Subject Matter

4. The following is an examiner's statement of reasons for allowance: None of the prior art on record teaches a diagnostic method for diagnosing a disease of a patient based on their response to a Noise-Vocoded Speech Sound Signal which is a word or sentence in which a frequency band and amplitude envelope are extracted, a frequency band noise signal is generated corresponding to the extracted frequency band, and multiplying the amplitude envelope by the frequency band noise signal. It would not have been obvious to one of ordinary skill in the art at the time of invention to modify the prior art on record to arrive at Applicant's invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
